“ I met Terri many years ago through my workplace which is Tholens Garden Center in Bourbonnais. Terri always has such a great spirit and upbeat personality. She was always one of my favorite people to come through the door. Her love for her daughter was so great and came through her every time she spoke of her. I do believe there is a spot in heaven where she is dancing and running free void of any disabilities. Pricillia,Mark and family my thoughts and prayers are with you doing this very sad time. God Bless all of you.##imported-begin##Stephanie Weedon##imported-end##

“ I met Terri while working for Dr. Simon K. Wu at Riverside. I worked alongside Dr. Wu and got to know Terri and her daughter very well. Both women were very sweet. I would like to wish Priscilla all the best, and let her know she and her mother are in my heart.##imported-begin##Lindsay McCulloch##imported-end##
