“ *My dear mother in law.. You mean more to me than you will ever know.. I looked to you for my strength and guidance.. You were perfection in my eyes.. You taught me so many life lessons which I hold and follow.. Thank you for raising such a fine man who also holds and follows your direction.. I am so very proud to call you my mother-in-law.. I have been so fortunate that you have taken me in and treated me as your own daughter.. What a pleasure!.... Jake says he can not live without you.. He says it won't be long till he joins you 😭 He says you have been a perfect wife and that he will always be lonely without you.. We all know how tired you were and are relieved that you are no longer suffering.. You will be so deeply missed and appreciated dearest mother.. Rest in peace now.*

“ *Grandma Vonda, I'm not sure where to start.. I never dreamt this day would come so soon 😞 I have So many wonderful memories with you that I will Always hold close to my ❤️! This morning I'm remembering all the things that we did together like making the chocolate chip cookies, pies and yummy food we always made together, and the strawberries 🍓 Oh the strawberries 🍓 she almost always had them for me at her house when I was young. & Going to feed the horse across the street. Bringing out all the lunches to my grandpa and my dad in the field, she always let my sister and myself help her do anything she was into or had going on at the time. She would also let my sister and I play paint and playdoh anytime we please, you know the fun messy stuff the grandparents always let you do 😊 I will also never forget all the mornings I went to church with them, whether it be I stayed the night before or my parents drop me off in the morning, it was such a blessing to be able to tagalong with grandma and grandpa! The Florida trip, all the vacations in Wisconsin, and the good old campgrounds!! I could go on and on for days of all the wonderful memories she has blessed me with! I am beyond blessed and grateful to be able to call her but her grandmother*
