“ *Mary, you have my deepest sympathies at Wayne's sudden passing. I don't live in the Kankakee area anymore but remember the day that Wayne came out and put in the furnace and air conditioner in my new house. He was a great guy!*

“ *Our thoughts and prayers are with the Voss family at this sad time. I had read of his passing in the paper and wanted to express our sincerest sympathy. Wayne had come a few times to fixed some things in our home. One in particular that I will never forget is when he came out to my house around 9pm to fix our furnace that was not working in the middle of winter! I did not expect him to come out that late, but there he was. There need to be more people like Wayne Voss! He will be missed*

“ *My blessings go out to the family. I am a fellow heating and cooling repairman/instructor and had bumped shoulders many times with Wayne during my career. He seemed to always be very focused on his work but was never afraid to smile and say hi. I respected his knowledge of the service industry, he knew more about electricity and chemistry than most. I myself have had a bout with stage 4 cancer but thanks to April 2010 surgery at Northwestern I am showing clear test. I believe working with all the chemicals used in the HVAC industry is hard on our health. I pray that God helps the family through this tough time as Wayne helped so many people during their warm or cool nights. God rest his soul.....*
